

We're having a silent auction and the kids need *your* help!

The Georgia Safety, Health and Environmental Conference is committed to assisting Georgia's working community provide safe, healthy work environments. An effective safety, health and environmental program is focused on preventing incidents, but in the event of a serious incident, the lives of workers and their families can sometimes be forever changed.

Kids' Chance of Georgia, Inc. assists the children of catastrophically or fatally injured workers by providing a chance for a college education. If a parent is unable to work or provide funding for a child's education, many intelligent and gifted children may have to forego dreams of college or technical schools. Since Kids' Chance began in 1988, they have awarded hundreds of scholarships to children of Georgia's seriously injured workers. "Our kids" are at the heart of all we do.

The 25th annual conference, which will be held **September 5-7, 2018** at the **Savannah Marriott Riverfront** in **Savannah, Georgia**, will provide the venue for a silent auction with 100% of the proceeds benefiting Kids' Chance.

In order to do this, we need your help! We need donated items, purchased or produced by you or your company. Kids' Chance will provide you with the necessary tax-deductible information and paperwork. *Please help us help the kids!*
